

**AQUAMENITIES**

**MAKING SUSTAINABILITY A REALITY**

PRODUCT OVERVIEW LOOK-BOOK for Benchmark

# WELCOME TO AQUAMENITIES

"Just a few short years ago, without a high-end choice, most luxury properties were hesitant to consider implementing a shampoo dispenser fixture. The patented Amenity Station provides all of the positive attributes of a dispensing system, while not deterring from a property's design, elegance or from a guest's luxury experience."

Founder – Ken Haworth

## WHY CHOOSE AQUAMENITIES

Last year US hotels alone use **10 BILLION** amenity bottles. That's enough to **stretch around the earth over 20 times**. That's enough to fill 2,300 Olympic size swimming pools or pack **65,000** hotel rooms floor to ceiling. Just one Aquamenities fixture can take **1,000** bottles out of that equation. Imagine the impact you can make!

# Why the “Triple Bottom Line” is Important

## People

A socially responsible organization has a positive effect on its people throughout its operations

## Profit

Sustainable solutions deliver a significant measure of corporate profit to the “bottom line”

## Planet

Delivering measurable positive environmental impact to the planet and its people

# WHY SHOULD SUSTAINABLE AMENITIES IMPORTANT TO YOU?

## **Soft Cost Reduction**

Time savings and product cost savings on guest request for more amenities. Product is always on hand.

10% reduction in Purchase Orders for with bulk amenities. Longer lasting refillable programs require less po's and planning than mini amenities.

Gallon refill system usually delivers time savings over stocking the carts and storeroom management

## **Guest Impression**

Retail size format delivers large marketing footprint for brands

Ability to upgrade the Brand of amenity product for the guest and still have a positive impact to the bottom line

## **Delivers Savings to Hotel**

Refillable Products save on average 45-60% over mini amenity programs

## **Other Impacts**

Refillable systems do not require costly soap recycling programs or mini plastic bottle recycling

# WHY CHOOSE AQUAMENITIES?

## OPERATIONAL PERFECTION

### SAVINGS

Immediate Impact to your operational OSE spend budget

### GREEN

Each Fixture Save 1,000 bottles each year!

### QUICK

Easy and quick change over bottle system

### OPTIONS

Fixtures are available in many sizes and styles

## UNPARRELED DESIGN

### STYLE

Sleek stainless steel fixture that compliments your room design

### INSTALLATION

Easy installation with our state of the art proprietary mounting system

### SECURITY

Patented, tamper-resistant locking system that only allows staff access to the product

### BRANDS

Eco Friendly solutions for your specified amenity brands

# SUSTAINABILITY CHOICES REFILL VS LANDFILL

## Aquamenities Amenity Fixture and the Competition

### AQUAMENITIES FIXTURES

### Competition Dispensers

Bulk Amenity Choice

✓ Ability to customize bottles to your choice of brand. Not tied to amenity manufactures contract.

Contracted as part of the amenity contract. Not flexible to switch to other amenity brands or manufactures.

Finish

✓ Black PVD finish is the strongest stainless color finish. Most durable and scratch resistant. Available in 5 colors.

Standard steel and powder coat is less resistant than PVD. Plastic can scratch and stain.

Security

✓ Strongest, most secure locking system in the industry. Opens with proprietary key.

Range from complete access to guest to locking. Can be opened with out proprietary key.

Product Profile

✓ Slim design modern design. Less obtrusion into the bath environment.

Wider footprint on most models. Can interfere with elegance of bath design.

Installation

✓ Pre-installed proprietary mounting tape. Does not require drilling and is very secure.

May require drilling to securely mount. Multiple specification on mounting tapes.

Stock and Shipping

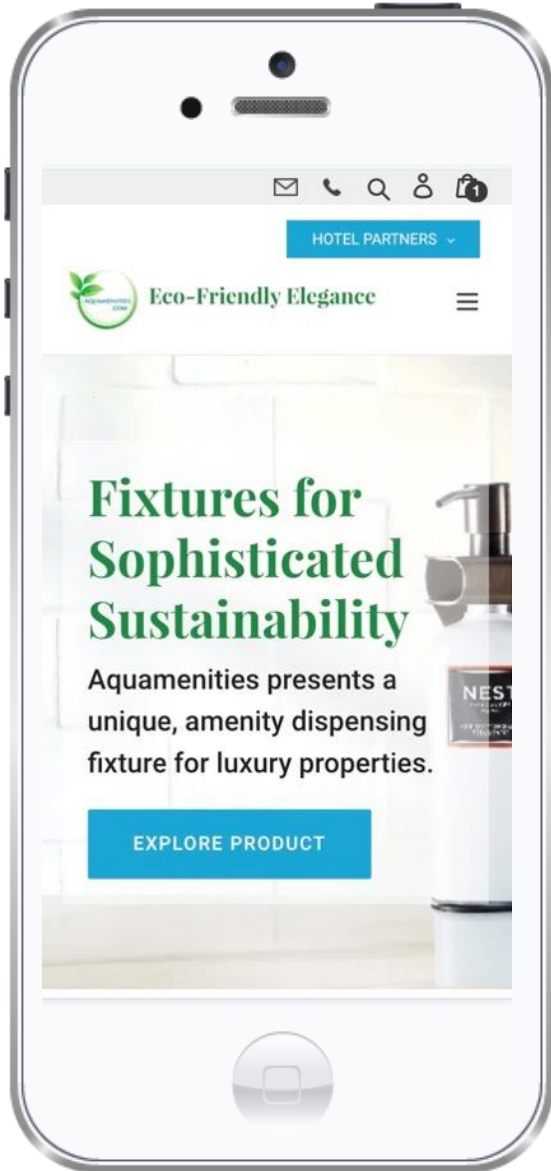

✓ Stocked in the USA. Quick ship to your hotel locations.

Not stocked, manufactured on demand. Or stocked outside of the US with potential import delays.

Quality Durability

✓ 316 & 304 Stainless Steel High Quality 2mm strong steel. Virtually unbreakable with and industry leading warranty

Manufactured with plastic or standard steel . Prone to breakage with plastic and oxidation with steel

**AQUAMENITIES**

## **WE ARE ONLINE FOR YOUR TEAM!**

Our new state of the art website gives your procurement team and franchise hotel locations the ability to purchase 24/7. Your dedicated products and pricing are set up for you once you login. Custom landing pages and shopping experiences created just for you!

An aerial photograph of a tropical coastline. The left side shows a dense forest of green trees and palm trees. A narrow strip of white sand beach runs along the edge of the forest. To the right, the turquoise ocean waves gently wash onto the shore. The overall scene is bright and natural, representing an eco-friendly environment.

# Understanding Eco- Certification

**Ecocert**, a private organization operating in over 80 countries worldwide, certifies the organic nature of cosmetics, examining the entire production process, from the selection of raw materials to waste treatment. This association of professionals of the cosmetics industry brings together suppliers of raw materials, laboratories, manufacturers and distributors.

The **Cosmos** standard is guided by four core principles. Promoting the use of products from organic agriculture, and respecting biodiversity. Using natural resources responsibly, and respecting the environment. Using processing and manufacturing that are clean and respectful of human health and the environment. Integrating and developing the concept of “green chemistry”.

**Eu Ecolabel** is a trademark granted by the European Commission to products that meet strict ecological criteria throughout their entire life cycle (formula, packaging and overall characteristics)

**Nordic Ecolabel** is a European ecolabelling scheme that evaluates a product’s impact on the environment throughout the whole life cycle. Nordic Ecolabel certifies Rinse-off products as well as lotions.

**100% Vegetable soap.** On request, we are able to supply soap made with **RSPO** (Roundtable for Sustainable Palm oil) from our certified source.

**The Forest Stewardship Council** is an international non-profit, multi- stakeholder organization established in 1993 to promote responsible management of the world’s forests. The FSC does this by setting standards on forest products, along with certifying and labelling them as eco-friendly.

## Additional Product Information

### Triple Amenity Fixture with 9oz Oval Bottle

Constructed of durable, rust-resistant stainless steel, our fixture compliments your guest room with a thin 1.5" profile that fits smoothly and unobtrusively into your design.

Safety and security are achieved with our patented, tamper-resistant locking system that only allows staff access to the product. Two sets of bottles are included with each fixture, so that one is always in the room and one is always full in housekeeping ready to be installed.

This item is sold as a set. Each set triple fixture set includes: 1 Fixture, 6 bottles, 6 pumps, locking key, and mounting tape.

Polished Stainless Steel Triple 9oz Oval Bottle Amenity Fixture

## Product Information Pumps

Our stainless-steel pumps distribute 2ccs of volume through a proprietary valve, limiting extended pumping. Longest Industry Warranty.

Size including tube 3cm x 20.5cm

Standard Stainless Steel SKU# PUMPSS-STD

PVD Finish Stainless Steel SKU# PUMPSPVD (Black, Bronze, Gold)

## Product Upgrade Finish Options PVD Information

316 Stainless Steel Marine Grade Black PVD Fixture

**Physical Vapor Deposition (PVD)** coatings possess a far higher resistance to wear than other coatings.

This is a high-quality finish that is **stronger** and more **durable** than the competitors powder coat
