REVOLUTION 2

COLLECTION

TEMPERATURE REGULATION

A perfectly flat dish base allowing an optimum connexion with all the temperature regulation systems. On induction: whatever the brand used.

Tested & approved by INDUCS and Live Cooking Table.

On regulated warming systems (electric).
On the flame (only Sterno).
Excellent temperature retention rate.
Keeps your buffets fresh.

QUALITY

Healthy and non-porous.
This technical ceramic is 100% food safe. It does not absorb fats, liquids, or odours, an ultra-resistant material that is easy to clean.

DESIGN, COLOURS & ERGONOMICS

Handle is delicately engraved with the revol logo, a guarantee of quality : incomparable durability.

FUNCTIONALITY

Light and stackable.
A large choice of containers adapted to your needs : lid-holder, spoon rests...

REVOLUTION 2 is born out of 5 years of observation, experience, and research, to develop a renewed version of our induction buffet concept. REVOLUTION 2 has a more modern style, donning new handmade decors, with still higher technical capacities.

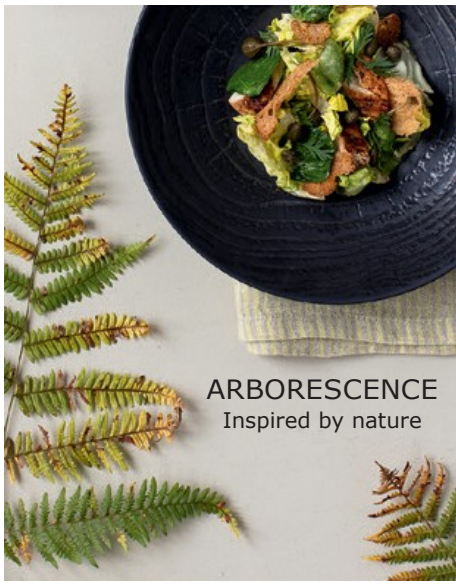

BUFFET

Generous & healthy.
Urban delights & vitamins.
Smart & chic.
Cosy & welcoming.
Luxurious & exclusive treats.
